

# WE'RE LOOKING FOR A FEW GOOD PEOPLE TO ROLL WITH. IN THE GUTTER.

Reaktor the creative technology studio that develops hard-core software and designs high-end brand and concept experiences, wants to roll with you.

On Wednesday, September 23rd, from 7:00 to 10:00 pm, at The Gutter in Williamsburg, Brooklyn, Reaktor welcomes you to join a team of inspired, passionate creatives and technologists who know how to roll a split. While drinking a beer. Or two.

When not spending our time designing groundbreaking digital experiences for such clients as HBO, Michael Kors, Nasdaq, Panasonic, Samsung, SuperCell and Finnair, we Reaktorians like to enjoy ourselves.

We are looking for a few good people to come aboard our new operation in New York, so if you – or a friend – happen to be solid product designers; digital project maestros; passionate digital designers or developers, we will look forward to meeting you. Check out open positions at [reaktor.com/careers](http://reaktor.com/careers).

**WHO:** Reaktor, the creative technology studio.

**WHERE:** Gutter; 200 North 14th Street, Williamsburg, Brooklyn.  
Gutter is a bowling alley with 8 vintage lanes, 12 craft brew taps, and a rollicking party atmosphere.

**WHEN:** Wednesday, September 23rd, 7:00 to 10:00 pm

RSVP at [satu@reaktor.com](mailto:satu@reaktor.com)
